

School Council

The views and opinions of our children are important in our school community. In September each year, Year 6 children express an interest in being key members of our School Council. They prepare their 'Manifesto' and share this with the school as a whole, who vote for their preferred candidate. The same process is undertaken in each form to decide upon two class representatives for each year group.

Our School Council meets once a fortnight to discuss matters that have arisen and brought forward by our Chairperson. Each form brings the views of their form to the meeting and report back to the form on the outcomes.

Our children are very earnest in their endeavours to conduct their meetings correctly and to give everyone a fair voice. The School Council hold events during the year to raise funds for equipment of the children's choice. This year the School Council have enabled the children to have more seating areas in our ground.
